Risana Kelly Ngoveni

Cape Town, Western Cape, 8001

• 0614521060 • kellyngoveni23@gmail.com

PROFESSIONAL SUMMARY

My Objective is to gain comprehensive knowledge and hands-on experience in application development, focusing on software design, programming, and database management. I aim to develop efficient, user-friendly applications while strengthening my problem-solving and technical skills. My goal is to apply my learning to real world projects and pursuit as successful career is a software developer. I am interested in my skills in object orientated programming, client server architecture, API integration, and UI/UX design.

SKILLS

- Python (Intermediate)
- Java (Advanced)

ADD WORK HISTORY

Volkswagen, Mar 2021 - Nov 2024
